## Wailuku Blues Are Grid Champions

On Muddy Field With Steady Rain Falling Paia Goes Down to Second Defeat on Single Touch Down.

Wailuku won the football championship from Paia on Sunday by a score of 7-0 before a crowd that almost forgot it was wet and uncomfortable. With the ball on the Maroons 45 yard line, a forward pass, Penhallow to Morris sent the "Blues" quarterback charging down the field 40 yards to a touchdown, which he also converted into goal a moment later, the ball settling between the posts as the referees whistle blew ending the first half.

Despite the torrent of rain that continued to fall steadily throughout the game the Maui championship was decided before a crowd of fans whose interest could not be dampened by the copious weepings of old "Pluvius" who time after time threatened to postpone the gridiron start.

### Paia Strong at Start

At the kickoff it appeared that the odds given Paia of 19-7 were well founded for the "Maroons" but once lost the ball to Wailuku in the first quarter and throughout that period the pigskin was dangerously near the "Blues" goal. The driving tactics against the line so extensively used by the "Maroons" appeared to make a hole in the Wailuku line big enough for a truck to pass through until their march put them in reach of the goal. There the local boys tightened and held their charging opponents in their tracks. At that stage of the contest the value of the "Blues" cool headed quarterback was well shown. Paia with but 15 yards to go had thrown the Wailuku squad into something akin to a panic but Morris twice went through the "Maroons" defense throwing their backs for a loss each time. The fourth down came with only two yards to go but the entire local team moved forward as one, again throwing Paia for a loss. Wailuku on receiving the ball punted 40 yards and out of danger. The whistle ending the first quarter found the ball on Wailuku's 45 yard line.

### Paia Score Disallowed

Starting the second quarter Chartrand went around the left end 15 yards but the "Maroons" were penalized 5 yards for being offside, an attempted forward pass failed and Coleman then went through center gaining another 5 yards. Souza around right end added ten more, again hit-

## Champion Tilden To Tell Maui Players How To Grow Expert

Maui News will introduce next Friday a new sport page feature. It has secured the rights of publication on Maui of "How to Play Tennis" by William T. Tilden, the World's Champion, grass and hard courts tennis player.

There are 15 installments in the champion's authorized course of instruction for tennis players and they are terse and right to the point. One of them will be published each Friday on Maui News sport page.

This feature has been secured in recognition of the fact that there are more tennis players in this county than persons indulging in any other one sport, interest is not confined to one sex, to one class nor to any age and it is in vogue at all seasons of the year. It is recognized that there is no sport more deserving of attention than the net and racket game.

ting the line at center Coleman placed the ball on Wailuku's 15 yard line and on the next scrimmage he dived through tackle for the remaining distance to the goal. For a moment the Paia fans went wild but were suddenly hushed as Referee Humphrey took the ball back to the 22 yard mark the "Maroons" receiving a 5 yard penalty for Machado being offside. Failing to make first down Wailuku received the ball and Pogue punted it to the fifty yard line.

### Forward Pass Scores

Paia three times attempted to gain by the aerial route but each time failed to complete and then punted 15 yards on fourth down. Wailuku getting the ball on their own 65 yard line. Baldwin, going around the end, gained 20 yards; Pogue added ten more through center; Morris, going around right end, brought the pigskin to Paia's 20 yard line but the Maroons in a desperate stand held it there for third down. Pogue attempted a drop kick but failed to connect with the ball as it rose from the ground Paia recovering on the play. Here the "Maroons" gained 20 yards before losing the ball to Wailuku. On the first play, a line shift, the ball was snapped to Penhallow 10 yards back of the scrimmage line who passed to the left end, who however was blocked before he was able to get away. But not so Morris. The husky quarterback charged around the end and with a leap in the air made a beautiful catch of the ball dashing 40 yards to the goal, and as the whistle blew ending the second quarter dropped the ball squarely between the

## Husky Marines Are Here For Two Games On Wailuku Field

Football fans who happened to be around Claudine wharf Kahului this morning were various expressions on their somewhat perplexed countenances some expressed joy, some doubt and others complete dismay, because about the huskiest bunch of pigskin kickers ever gazed upon in these parts came "stomping" down the gangplank of the little ole' S. S. Claudine. They composed the U. S. Marine Corps squad of eighteen football players headed by Captain Newton Best. Some of the rather pessimistic onlookers, after one long and satisfying scrutiny of this aggregation (representing about two tons of "beef") were apparently trying vainly to count the trees on the slopes of Haleakala, registering that "I told you so" expression, with numerous wise wags of the head and ears but others of the type who believes in the "Hope Eternal" remarked "The bigger they are the harder they fall." The Marines? They didn't say nuth'n brother, an' if Sphinx' moved around one would swear they came from Egypt.

Thanksgiving Day, Thursday will see their first appearance in actual contest when they meet the Paia squad, the team of "Maroons" who last Sunday were defeated by the Wailuku "Blues" now holding the championship of Maui. That it will be a hard fought battle is certain for the up-country boys are determined not to be defeated by an outside team and every afternoon this week sees them out at hard practice to make them an impregnable aggregation.

Wailuku, the champions, will meet the Marines in the struggle for supremacy in this sport next Sunday, November 27, and on that day Maui fans may well look forward to gridiron battle they will long remember.

posts. Score at first half Wailuku, 7; Paia, 0.

### "Blues" Threaten Again

Wailuku kicked off to Paia's 30 yard line. Souza receiving and running back 10 yards. Line bucks netted the Maroons 20 yards, placing the ball on Wailuku's 30 yard line where they received it on a fourth down. Pogue punted 55 yards to Paia's 15 yard line and Paia punted back to their 40 mark. Wailuku was penalized 5 yards for being offside and Pogue again punted to the "Maroons" 20 yard line. Coleman made first down through center Souza following with an end run for another 10 yards. On changing a player Paia was penalized 15 yards for speaking before the first scrimmage. The third quarter ended with Paia holding the ball on their 25 yard line.

### Paia Nears Goal

Coleman punted 20 yards, Wailuku taking the ball on 45 yard line. Two attempted passes failed and Pogue punted but the ball bounced back to

## Sports Brevities

(Do'ins O'the World)

### Series "Spoils"

In the recent World Series each Giant player received \$5,265 and each Yankee \$3,510.

The "Little World Series," between the Louisville team, champions of the American Association and Baltimore, pennant winner in the International League, resulted in victory for the Colonels. Louisville won five games to three captured by the Orioles. The final and deciding contest was staged at Baltimore, Md., and was won by Louisville, the score being 11 to 5.

### Track Athletics

The fractional part of a second determining the time for cinderpath races will be changed from fifths to tenths of a second, it is announced, in future meets of the Intercollegiate Track Association. This is in accordance with rules of the International Federation of the A. A. U., which has jurisdiction over the competition in the Olympic games. Announcement of the change was made recently by the executive committee of the I. T. A.

A mark of thirty-six seconds flat for the 300-metre race was credited on October 9 to Gaston Ferry, running in a meet held at St. Cloud, France, under the auspices of the French Athletic Association. If the time should be officially approved it constitutes a new world's record for the distance. At the same set of games Maurice Delivart, who in 1920 set a new world's record for the 500-metre run with 1 minute 5 3/5 seconds, on this date made the same distance in 1 minute 7 1/5 seconds.

### Horse Racing

The second richest prize of the French turf, the Arc de Triomphe

within five yards of the play. Four plunges by the Maroons failed to make first down Chartrand being injured and carried off the field in the last attempt. Wailuku failed to complete a forward pass and punted 15 yards to Paia on the 40 yard line. Frank Bal was knocked out at that stage of the game and had to be carried off the field. Wailuku received a 10 yard penalty placing the ball on their 30 yard line. With three minutes to play Paia came back strong the Wailuku line weakening sadly. Three plunges through center made first down and again a line buck and an end run gained ten yards putting the ball within 12 yards of the goal. A forward pass gained 1 yard but three more attempts via the air route failed, the final whistle blowing with the ball on the 10 yard line. Score Wailuku, 7; Paia, 0.

As a result of this victory Wailuku receives the cup trophy and football for the Maui championship and their choice of first or second game against the Marines to be played this week.

## Territory Will Plant Grove of Chaulmoogra

Hawaii will have the only chaulmoogra oil producing plantation in the world when the board of agriculture and forestry receives the 4000 chaulmoogra trees which it has ordered from the territorial nursery.

Several acres of government land at Waiabole, Oahu, have been set aside for this purpose. The trees will be planted 20 feet apart as soon as the land is plowed. At maturity these trees will produce all the chaulmoogra oil that is needed to cure leprosy in the islands as well as exporting some.

The small trees were grown from seeds brought here from India by Professor Joseph Rock, formerly of the University of Hawaii and now with the federal government. The tree bears a seed, enclosed in a shell, from which the oil is taken. The crude oil is taken and treated by the process evolved by Dr. A. L. Dean, president of the University of Hawaii.

### HIGH SCHOOL BASKET BALL

Basketball came into its own for the 1921 season Friday night with the initial game played by Maui High school Junior Class vs. Freshman, resulting in the Juniors coming out on the long end of a 39-11 score. Keen interest was shown in the re-opening of this sport, the game having an attendance close to the century mark.

Stakes, at a mile and a half, was won October 9 by Mme. Edmond Blanc's three-year-old colt Ksar. The race this year had an added value of 300,000 francs. Except for the Grand Prix de Paris, Ksar has won every start this season.

### Harness Racing

Peter Manning, the great five-year-old gelding, trotted the fastest mile ever recorded in a race against time when he stepped around the oval track.

### Motor Racing

Alton Soules, motor racing driver, died recently as the result of injuries suffered in the San Joaquin Valley Classic race over the Fresno (Calif.) Speedway. Soules' car threw a tire and shot through the fence while traveling at terrific speed.
